ALTAWORLD

## Event Overview

The Insurance Tech & Innovation Conference London 2026 is the one of the premier European InsurTech events for senior executives, insurers, reinsurers, brokers, and technology innovators. Over two days, the conference will explore the intersection of insurance technology, AI, and sustainability, with a focus on regenerative insurance ecosystems—a cutting-edge approach moving beyond traditional risk transfer to circular economy underwriting, sustainable risk management, and customer-centric innovation.

Attendees will gain actionable insights through keynotes, fireside chats, panels, and solution provider sessions, covering topics such as AI-powered decision-making, ESG-linked products, embedded insurance, capital flows, and regulatory frameworks. This event is designed to empower insurance leaders to innovate, scale, and transform their businesses for the future.

## KEY HIGHLIGHTS

- **Regenerative Insurance Leadership** – High-impact discussions on transforming traditional risk models into regenerative insurance ecosystems and circular economy underwriting.
- **AI & Intelligent Automation** – Expert talks on AI-powered underwriting, decision-making, and next-gen claims automation.
- **Sustainable & ESG Innovation** – Panels exploring ESG-linked insurance products, sustainable risk management, and embedding sustainability into core operations.
- **Embedded & Digital Insurance** – Sessions on embedded insurance models, customer-centric product design, and digital-first distribution strategies.
- **Capital, Investment & Regulation** – Insights into capital flows, regulatory frameworks, and navigating compliance in a tech-driven insurance landscape.
- **Customer-Centric Transformation** – Strategies to enhance customer experience, personalize offerings, and scale innovation through data and AI.
- **InsurTech Showcases** – Solution provider sessions highlighting cutting-edge platforms and scalable technology tools.
- **Strategic Networking & Collaboration** – Interactive panels, fireside chats, and curated networking opportunities with insurers, reinsurers, brokers, investors, and regulators.

## WHO SHOULD ATTEND?

- The event will witness the perfect blend of leadership across the insurance sector who are looking to gain insights and wish to stay ahead in their digital transformation journey.
- The attendee mix will observe CIOs, CTOs, CEOs, VP, Directors, Heads, and managers from the insurance domain including Brokers/agents, Retail agents, Claim Adjusters, Underwriters, Actuaries and more..
- CEOs, VP, Directors, Heads, and managers from the insurance domain including Brokers/agents, Retail agents, Claim Adjusters, Underwriters, Actuaries and
